S. B. Water Plant Contract To Be Awarded Tonight

Charles A. Anderson of Brockway, Weber and Brockway, West Palm Beach said that an Orlando Construction firm of Cambron Construction Co., was apparently the low bidder, among eight opened on last Wednesday night by the South Bay City Commission for construction of a complete water plant and appurtenant structures.

The apparent low bid of Cambron Construction Co., was \$244,658 within the allotted budget of \$260,000. It was the second bid opening. All eight bids opened April 23rd were rejected as being too high.

The City Commission is to meet tonight, 8:00 p. m. at City Hall to consider awarding the contract to the winning bidder, Anderson said.

Other bids opened by the Council were: Roemer Construction Co., of Belle Glade. (Continued On Page 2)

Belle Glade Given Award For Safety

For the second consecutive year, the City of Belle Glade was awarded a certificate of Merit for a record of highway safety given by the Florida Department of Public Safety.

Belle Glade has received eight award certificates since 1951 for having no accidents within the city limits.

City's Clubhouse At Golf Course To Be Renovated

Plans to completely remodel and modernize the Clubhouse at Belle Glade Municipal Golf Course were approved by the City Commission at their Monday night meeting this week.

Renovations will include complete new kitchen, the back porch converted into a dining room and the lounge room made larger. Glass doors will replace the antiquated existing wooden doors on either side of the fireplace in the ballroom; the ceiling will be dropped, indirect lighting installed, and the walls paneled. Awning windows will replace the front porch screens. Lockers will be replaced in both ladies and men's rooms.

The clubhouse will be refinished, walls repainted inside and out and air conditioning installed.

In further action the Commission approved the purchase of 25 parking meters which have been in use on a trial basis on Avenue A between First and Second Streets.

Annexation and zoning of the Ashley property on State Road 80 was tabled and will be brought up at the next regular meeting, July 13.

With the approval of a comprehensive transportation planning program by the Commission, they agreed to join with Palm Beach County Road Department, the State Road Department and the Bureau of Public Roads in making an urban transportation study. This program will be paid for by the County and State Road Department.

Condemnation papers, served on the David Lee property at 337 SW 5th Street, brought the owner and City Inspector Manis before the meeting. The case will be referred to the Board of Appraisers and brought back to the commission for study.

Ten "Portables" For Lakeshore

Getting ready to meet the growing classroom demands for another season, work is progressing on ten portable classrooms being erected adjacent to Lake Shore High and Elementary Schools at a cost of \$49,800.

August 1, is the scheduled completion date for the project. These are but a temporary provision," Milton O. Carpenter, Superintendent of Palm Beach County School Board said. "We are in hopes, if the bond issue passes in the November General Election, to go ahead and build a new Lake Shore Junior High School."

Principal Charles M. McCurdy said Monday, "We're glad to be getting these portables, but we are in dire need of a Junior High School building."

Death Claims Two Glades Residents In Tragic Accident Over Weekend

Davis "Removed" From Office As South Bay's Chief

Marvin Davis, South Bay's suspended Police Chief, was permanently removed from office by a unanimous 4-0 vote of the City Commission following a crowded public hearing last Thursday night at the City Hall.

Commissioner A. R. Grigsby was in a West Palm Beach Hospital and failed to sign the resolution.

Davis, who contends political play enters in on the commission's action, had served over eight years as South Bay's elected chief before his suspension May 8, and has used to the city to regain his position.

He is free on \$4,000 bond awaiting trial following a June 4 indictment on gambling charges by a county grand jury.

Bells Will Ring Here On July 4th

On July 4, Belle Glade will join in the nationwide "Let Freedom Ring" program, inaugurated by the United States Congress.

Every available Bell in our City will ring from 2 to 4 minutes at 1:00 o'clock "in appreciation of the meaningful observation of the Fourth of July as a day of affirmation of the principles of citizenship and the freedoms which are ours as Americans."

At the Monday night City Commission meeting Mayor LeBron Williams agreed to appoint a committee to arrange for and publicize a suitable bell-ringing program here.

Construction Progressing On New Grade Schools

September 27, is the estimated completion date of Belle Glade's new Elementary School building in the southeast section. Building superintendent Walter Payne said Monday construction is 75% complete and he expects it to be ready by the beginning of the school year. Building got underway in February.

Construction is coming along on the new Lakeshore Elementary School located between SW 10th and 12th streets. Building started May 1, with a target completion date of November 17.

Counselor Aides Needed For Nat'l Youth Program

J. W. Mosley, Jr., manager, Belle Glade Office of the Florida State Employment Service, today announced that applications are available at his office, 41 S. E. Ave. D, for those interested in applying for jobs to staff the proposed nation-wide program for youth opportunity.

A crash program throughout the native has been initiated by the U. S. Department of labor to recruit and train counselor aides and youth advisors to help salvage the nation's disadvantaged youth.

To qualify as potential counselor aides, an applicant must be an unemployed college graduate preferably in counseling, psychology, social work, education, sociology, or related fields. Applicants who are chosen will be given 8 to 10 weeks of concentrated instruction in one of about fifteen colleges and universities between July 15 and September 15. Applicants for youth advisor positions need not be college graduates, but must be over twenty-one and all applicants must possess the special aptitudes, interest, motivation and dedication necessary for this type of work. All applicants must be unemployed on or before July 15.

Examinations for this exciting opportunity to help the disadvantaged youth of our country will be held in the Belle Glade office of the Florida State Employment Service on Saturday morning, June 27, at nine o'clock and Mr. Mosley urges all those who are interested in this program to apply immediately through his office.

An ordinary afternoon drive and a family Sunday afternoon picnic resulted in tragedy for two Belle Glade families over the weekend. On Monday, the many friends of the two victims and friends of their families related details of the accidents, or listened in shocked disbelief as the stories were told and retold: A vacation with relatives in Tennessee was abruptly ended: A wife and two small children returned home Sunday evening without Daddy, following a family get-together at the Lake.

Mrs. Iva A. Clark Victim Of Accident While On Vacation

Death came to Mrs. Iva Allen Clark, age 36, at Eastern Tennessee Baptist Hospital, Knoxville, Monday, June 22, from injuries received in an automobile accident while visiting her sister in Tennessee.

Mrs. Clark left Belle Glade with her husband about a week ago to spend their vacation with relatives at the intersection of about 354 and 354 on Friday afternoon, June 19, Mrs. Clark was out for a drive with her sister, Mrs. Blanche Thomas, whom she was visiting, while her husband visited other relatives in a nearby town.

The Volkswagen in which they were traveling had just turned down at an intersection about three blocks from Baptist Hospital, when their car was hit from the rear by an oncoming vehicle. Mrs. Clark was thrown from the car and received severe head injuries. Both women were knocked unconscious and rushed to the hospital, but injuries proved fatal to Mrs. Clark on Monday.

The sister is reportedly recovering and was allowed to leave the hospital long enough to attend funeral services held at Bethel Baptist Church for Mrs. Clark at 2:00 o'clock Wednesday afternoon in Knoxville.

Ronald Van Camp Drowned Sunday While Skiing

Ronald B. Van Camp 27, was drowned in the rim canal while water skiing following a picnic with his family and other relatives at Belle Glade recreation center near Slim's Fish Camp Sunday afternoon.

Van Camp reportedly had gone only about 40 yards on the skis and was thrown when the rope tightened following a slack in the pull. He was wearing a belt-type life preserver which came off when he hit the water, and also he managed to temporarily retrieve it, he immediately went under. All efforts to save him failed.

The sheriff's department was called about 3:54 and a Detective Sgt. Hilton Bond was answered the call, reported depths as great as 40 feet in the area where the body was found.

Funeral services for Ronald B. Van Camp of 833 S. E. 3rd Street, were held at 10 o'clock Wednesday morning at Everglades Presbyterian Church, with Reverend Paul Vondracek presiding. Interment was in Foreverglades Mausoleum Gardens.

Van Camp was an ardent sportsman and was employed the past three years at Glades Bowling Lanes. He was a native of Marlboro, Ohio, coming here ten years ago. (Continued On Page 2)

Palm Beach Gardens To Be Site Of New Florida Baptist College

The Florida Baptist Education Commission announced today that Palm Beach Gardens has been chosen as the site for the new Florida Baptist college.

Dr. Jess Moody, pastor of the First Baptist Church of West Palm Beach, said that John D. MacArthur, founder and developer of Palm Beach Gardens, has offered 200 acres to the Florida Baptist Convention to build the college.

The location is on the north side of Monrovia Road, just west of the Sunshine State Parkway where a new interchange is to be built this year.

MacArthur said the new college will be a vital asset to both Palm Beach Gardens and Palm Beach County. He said he was honored that the Baptists had selected Palm Beach Gardens as the site for the new college.

Palm Beach Gardens Mayor Norman Rowland said that the college will be a vital asset to both Palm Beach Gardens and Palm Beach County. He said he was honored that the Baptists had selected Palm Beach Gardens as the site for the new college.

Ministers Hear Jack Epps Of UCA

The Belle Glade Area Ministerial Association held its re-elected annual meeting at the Everglades Presbyterian Church at 8:30 A. M. on Wednesday morning, with the President, Rev. W. R. Boland, presiding over the meeting.

Mr. Jack Epps of United Christian Action of Lakeland presented to the group some of the latest information concerning the problems around the State of Florida concerning Objections, Narcotics, and problems of Sexual Morality.

Joe G. Leavitt Jr., Manager of the Glades Area Fellowship Bowling League presented a plan to the Association concerning the Glades Area Fellowship Bowling League with different churches. The Association placed its approval upon the idea and it was decided to have the program through the churches.

The following ministers of the Association were present: Rev. O. Smith, Rev. W. R. Boland, Mr. Ben Hilyer, Rev. Luther Key, Rev. Paul Vondra, Rev. James A. Fenton.

Presbyterian Choirs, Families Enjoy Outing

The Senior and Youth Choirs of Everglades Presbyterian Church and families enjoyed a picnic on Sunday afternoon at the Glades Area Fellowship Bowling League on R. D. 715. Approximately 30 were in attendance.

Cricket, volleyball ball and sailing activities were enjoyed by those so interested. Everyone had a good time, and lots of fun.

Lights Shine Better When It Is Dark

By LEWIS LLEWELLYN
"That you be blameless and harmless, the sons of God, who do not have a crooked and perverse nature, but whom you shall shine as lights in the world."

A college professor in Minnesota wrote recently in a school publication that he believed that a college should be a Communist in its faculty and that there should be clubs for Communists, nudists, those who believe in practicing free love, etc.

Another professor in Texas advocates a revision of the moral code set forth in the Bible, stating that we have now come to the point that such standards are out-dated and should be discarded.

A Hollywood columnist believes the fact that today's movie heroes "have been sliding downhill to 'B' grade girls," she says, "finish first."

It is reported that literary men are now a billion-dollar class in the world. The billion-dollar class in the world is the class of stores owned and managed by respectable men — who would not think of selling poison which would cause physical death, but are displaying and selling magazines and books which can poison the minds and morals of our young people and lead to their destruction and spiritual death.

The Bible tells us that we are to shine in the midst of a crooked and perverse nation — as lights in the world.

When someone says that it is hard to live as a Christian in the midst of those who do not share the Christian's view of right and wrong, I say, in effect, that it is hard to be a candle to shed light in the dark.

But lights are not needed in the daytime. The time when light is needed is when it is dark. Someone who is watching you may be trying to find his way in this dark world.

Are you shining as a light in the world? Jesus said, "Let your light so shine before men that they may see your good works and glorify your Father which is in heaven."

To shine as we should, as sons of God, we need God's presence and help every day. But every son of God has the word of His Father — and this is eternal life. And God expects His child to act as in the midst of a crooked and perverse nation.

South Bay Baptist To Hear Rev. Storey

Rev. Herman L. Storey, Chaplain at Glades Correctional Institution will speak at the First Baptist Church of South Bay on Sunday, June 28th and July 12th.

Rev. Storey, attended the Multnomah School of the Bible in Portland, Oregon and pastored Trinity College in Clatskanie, Oregon while studying in Portland. He also attended and served as Student Supervisor, part-time teacher and pulpit supply in the Clearwater area. Rev. Storey holds a Diploma from Trinity College in Clearwater.

He has been at the Glades Correctional Institution for the past four years as Chaplain in charge of the State of Florida and active in the Belle Glade Area Ministerial Association.

Kindergarten Workshop Held At N. O. Seminary

Among the more than 75 kindergarten workers from eight churches who attended the third Triennial Kindergarten Education Workshop at New Orleans Baptist Theological Seminary from June 8-19 was Pastor of the First Baptist Church, Belle Glade.

Sponsored by the Seminary School of Religious Education, the workshop is designed to present the most up-to-date kindergarten methods as well as to orient new kindergarten teachers. A special feature of the course is observation of a model kindergarten class in the Seminary's laboratory school.

"There is an increasing demand for church kindergarten education in states that have no public school kindergarten program and in cities where special programs are unable to handle the large number of children wishing to enroll," stated Mrs. W. H. Souther, Director of Children's Work at the Seminary. "Courses such as this one will enable church kindergarten teachers to provide quality education for the children of the world who will meet public school standards. This is certainly a necessity."

Glades Area Churches Bowling Leagues Slated

Glades Area Fellowship Bowling League will be formed this week from different churches of the Belle Glade Area Ministerial Association.

The object of the league is for recreation, relaxation, and companionship as well as that members of different churches might have fellowship together. All of this can be accomplished through a Glades Area Churches Bowling League at Glades Bowling Lanes, Belle Glade.

Adults wishing to participate should be at the Community Methodist Church (Junction Hall) on June 25th (Tonight) at 8:00 P. M. The cost and time will be discussed at the meeting.

Let's all the churches get behind this endeavor and have a good number out for the meetings and the bowling to follow!

THANK YOU

We would like to express our appreciation and thanks to all the workers at Okelanta Sugar Refinery for the beautiful rings that were presented to us this past week.

We are deeply grateful and will always remember your kindness toward us, our families and our beloved fathers, Fred D. Mathis and Pablo M. Gutierrez.

It was kind of you all to think of us—thank you again for such a pleasant surprise.

CHRISTIAN SCIENCE RADIO SERIES

What Is Your Work?

What a shot! Photographers love to find a scene like this. Flowing water... a background of trees... a church spire in the distance...

Wherever we travel we see Christian churches in harmonious settings, and there's a tendency to think of them as "part of the scenery."

But what an important part they are! Every one is a House of God, dedicated to His service. Every one is a community focal point, helping in a thousand ways to broaden and beautify the lives of its members. And every one is a vital link in the shining chain of Christian belief that stretches around the world.

Not far from where you live, there's a church that could give your life a new dimension. Whatever doubts and fears you may have, bring them to God in His house. You can rely on His promise that He will not leave you comfortless.

THE BELLE GLADES

This section dealing with outstanding citizens of the Glades area is an attempt to set in print the positions these citizens occupy in the eyes of their neighbors. No one wrote of himself in this section. The material was gathered by Bob and Grace Bullard as they found conditions—

Vernon Prevatt

In every community there are a number of business and professional men who can be pointed out as having taken a part in the development and progress of their city. A well known business person of Belle Glade who belongs in this category is Mr. Vernon Prevatt of Prevatt's Taxi at 101 Main.

His leadership in the taxi business is recognized throughout this entire area. His furtherance of civic activities and support of those organizations whose main objectives are directed along line of civic betterment and community progress, are well known to his immediate associates.

He is a person who is equally well liked and respected by his intimate friends, his associates and his employees.

He is loyal to the community, thankful for his success in business and has shown his appreciation by his contributions to the various civic movements of benefit to the city.

Slim Corbin

In the rapid pace of the modern business life, a business man who uses a portion of his time for a good friend and a good neighbor is a rarity to his customers but well deserves a word of praise.

Slm Corbin of Slim's on Tolly Island, has proven he is ready, willing and able to assume his position in the business and home life of this area. Many people from here and surrounding territory have come to depend upon Slim for the Finest Fishing and Fishing Facilities.

His determination that every customer be satisfied has won a host of friends for him. He has worked hard to deserve the popularity and confidence he has among the people he serves.

Slm is conscious of his civic responsibilities, and are confident that he will continue to maintain the high standards he has set for himself and the operation of his business.

Margaret Weathers

People in the area who know hair style's know Mrs. Margaret Weathers of Margaret Weathers' Beauty Shop at 225 N. W. 12 Dr., a firm believer in hair style fashions that reflect the imagination and personality. She takes a personal interest in every patron of her shop. This quality is apparent to all who have seen the exquisite hair styles offered by this shop and the high light Mrs. Weathers' part as good citizen of Belle Glade.

With appreciable modesty, she contributes to the betterment of his community by her own ventures she has thought advantageous to the community and has assumed her responsibilities as business woman with the same high standards.

Margaret Weathers' Beauty Shop is a credit to the city for its facilities not only to those seeking casual hair styles, but is prepared for the most elegant styles that would do credit to the finest shop in a large metropolis.

Bill Bailey

A successful business requires the leadership of a person with a thorough understanding of the needs of the customers. Leaders of this type must be included in this review of prominent Belle Glade area business people.

We therefore call your attention to Mr. Bill Bailey of Bill Bailey Real Estate at 8 W. Ave. A. Customers gladly recognize this business to their friends and this is largely due to his employee's guiding hands and his policy concerning customer satisfaction.

He considers each customer a friend, and for the last 8 years has offered dependable advice on farm lands, everglade mud and acreage in Western Palm Beach County.

His business success has been largely due to his realization that in his contact with the public, it is better to be more gratifying to realize a fair and honest profit, than an exorbitant one. For this and other upright principles, we are proud to include Mr. Bill Bailey in this review of prominent Belle Glade area business people.

Ray Wilkinson

People in this section have come to look to Ray's Radiator Service at 909 N. W. 13 St. as the best in all types of radiator work. Its popularity reflects the personality of the men who guide its operation.

Mr. Ray Wilkinson and Don Wilkinson deserve our praise in business achievements and for being good citizens of the community.

Their American and modern business outlook—to offer better work at a lower cost, has contributed much to their success and has created a business establishment of which Belle Glade can be proud. Ray and Don consider it a pleasure to serve the people of the area, feel a strong obligation to friends and neighbors and can always be depended upon to aid in any commendable civic project.

They are firmly established in the business cycle of this area and have proved that they are enterprising people, alert to expansion and development and proud of their contribution to this review.

H. Grady Edwards

Three factors are paramount in attaining success: Your ability to do the job, Your capability for getting along with the people you serve and work with, and a good neighborly attitude to do the job well. Therefore the success of Mr. G. Grady Edwards of Your Food Store at 210 S. W. Ave. A. is assured.

With his work as an assurance of his ability, Grady realizes that many a hold back their failure at the business relations level, so in all business dealing the utmost in courtesy was being maintained and thus as many realized the job is a pleasure.

Mr. Edwards has applied himself with all his skill and enthusiasm in his business. This has proved to be profitable for him and for his customers. He has been successful because he has been successful in his participation in civic affairs and have made his help most valuable.

We compliment Grady Edwards on his standing in the business life of this area and thank him for his contributions to civic progress and good business.

E. D. Alford

It is the good fortune of the Belle Glade area to have this such people as Mr. E. D. Alford of E. D. Alford Plumbing Co. at 1709 N. W. Avenue G. His energy and his ability to energy to the advancement of his business and therefore for the area.

Mr. Alford is a man that would be hard to top in effectiveness of efforts and achievement in Belle Glade. He has devoted his time to the betterment of his business and his great practical knowledge has enabled him to overcome difficulties which would have discouraged a less capable person. The large patronage extended to his business proves there's no substitute for experience.

Mr. Alford is a persistent and untiring booster for this area and has shown unselfish devotion to the interest of his community by active participation in worthy civic enterprise.

Lee H. Rhymes

The progress of any community hinges on a great extent upon the activities of the more progressive men of the world of business. This is true in this city as in any other city, and local leaders are thus to be congratulated for their part in the general advancement of the area. One of the more progressive men of Belle Glade who should be included is Mr. Lee Rhymes of Lee's Market at 309 S. W. 16th St.

Few men have such a thorough understanding of the early phase of the grocery business. To say that Mr. Rhymes knows this business from A to Z is in no way understatement. His honesty which has always characterized his every transaction has gained for him the respect and confidence of his many clients and customers.

We are sure that with the fine way that he has set for the operation of Lee's Market, his participation in civic affairs, he will remain in a position of popularity in this area.

John Stanley

It is because of the unflinching optimism and faith which he consistently displayed toward the future of Belle Glade area that John Stanley is so highly respected by all parties interested in the city. He is a man who has been called to call particular attention to the fine service which Mr. John Stanley of Alfalfa Bowl Dairy Inc. at 108 N. Main, performs in the successful conduct of his affairs. He is entitled to a brief tribute in this review of progressive business people.

John Stanley is a progressive and resourceful personality who has earned for himself a wide-spread reputation in his business ability and his apparent willingness to devote his time and energy to the promotion of civic activities further enhances his value to the city.

His efficient handling of each of his customers, needs reflecting as does his ability. It has earned for him a well-deserved popularity. This is a man who is successful in his career as one Belle Glade's more progressive citizens.

Gleeman McGahee

Recognized as one of the more progressive Belle Glade area business men, Mr. Gleeman McGahee of McGahee's Gas Corp. at South Bay, performs a service for the people of this area and his many contributions to the betterment of the community are well known to require repetition in these columns. The personal success of Mr. McGahee has been a large measure because he never missed an opportunity to further the service his business renders to the public. This is a man whose movements promising to the community which she has not helped along. In the operation of this business, McGahee has displayed good taste and kindness which one rarely sees such as all the little extra services which make a good restaurant better.

We wish to congratulate Mattie Miller on her past success in business. She has given to business, she has also given to all endeavors with which she has been associated. In the South Bay area, her movements promising to the community which she has not helped along. In the operation of this business, McGahee has displayed good taste and kindness which one rarely sees such as all the little extra services which make a good restaurant better.

Lenwood Fuller

A successful business is most often based on honest, cheerful and efficient service to the public, and in making this statement, one of the people we have included in this review is Mr. Manager of Case Rate Grocery at 340 W. Ave. A.

The courtesy and service rendered by this grocery store is proved by the large volume of repeat business that it has much of which is due to Lenwood's willingness to each patron's needs.

Business establishments such as this have done much to make this a friendly trade center, and it is fitting that we extend congratulations to Mr. Fuller who is the guiding influence behind the business. He has earned success by the method in which he has accepted the business and its responsibilities, and we are sure that with the high standards he has set for himself in the management of Case Rate, that he will continue to prosper.

Cosby Crews

This area has become prominent in the trade center which is friendly and courteous and good will prevail, and it is fitting that we accord a word of praise to the business people who by the manner in which they conduct their business have gained this reputation for their city.

Mr. Cosby of South Bay Super Market at South Bay, fulfilling the responsibilities of good neighbor, has made a reputation for himself in this area. The success of this business can be measured in human terms, how well it fulfills its obligations to its customers and community.

In civic movements, Mr. Cosby is a man who has never been ready for community advancement. His willingness to write off outmoded methods, plans and merchandise as they have outlived their usefulness, has made him key figure in his own business and therefore in the community.

As a business person he has assumed both the privileges and responsibilities of a good citizen and neighbor and has been providing a useful service to the people of this area.

Howard Payne

People of this section are fortunate to have an insurance agency in the midst of which they can deal with confidence and as company records prove, Mr. Howard Payne of Bray-Bleech Ins. at 100 S. W. Ave. B, has been a real friend to many in this area.

His background proves that he is equipped with a long term career rather than for quick sales and is as interested in the customers future business as in today's sale. His business and civic policy has made him known as an outstanding citizen of the community.

With insurance the most widely used form of financial protection, it is most important for a city to have a firm offering its citizens wise counsel instead of a fast-talking sales hood and with Mr. Payne agency operations, he more than fulfills his obligation to the community.

Mattie Miller

A good friendly restaurant goes a long way in building a town's reputation as a good place to do business or as a good place to live. In this respect, the establishment is friendly by itself.

The owner must practice courtesy and hire employees who will do the same. Mr. Mattie Miller of the Saw Grass Restaurant on U. S. Highway 7, South Bay feels she has an obligation to her customers of courteous and friendly service.

The energy Mattie has given to business, she has also given to all endeavors with which she has been associated. In the South Bay area, her movements promising to the community which she has not helped along. In the operation of this business, McGahee has displayed good taste and kindness which one rarely sees such as all the little extra services which make a good restaurant better.

Lenwood Fuller

A successful business is most often based on honest, cheerful and efficient service to the public, and in making this statement, one of the people we have included in this review is Mr. Manager of Case Rate Grocery at 340 W. Ave. A.

The courtesy and service rendered by this grocery store is proved by the large volume of repeat business that it has much of which is due to Lenwood's willingness to each patron's needs.

Business establishments such as this have done much to make this a friendly trade center, and it is fitting that we extend congratulations to Mr. Fuller who is the guiding influence behind the business. He has earned success by the method in which he has accepted the business and its responsibilities, and we are sure that with the high standards he has set for himself in the management of Case Rate, that he will continue to prosper.

Cosby Crews

This area has become prominent in the trade center which is friendly and courteous and good will prevail, and it is fitting that we accord a word of praise to the business people who by the manner in which they conduct their business have gained this reputation for their city.

Mr. Cosby of South Bay Super Market at South Bay, fulfilling the responsibilities of good neighbor, has made a reputation for himself in this area. The success of this business can be measured in human terms, how well it fulfills its obligations to its customers and community.

As a business person he has assumed both the privileges and responsibilities of a good citizen and neighbor and has been providing a useful service to the people of this area.

Hubert Hurst

We wish in this edition to pay tribute to Mr. Hubert H. & D. Grover of 909 S. W. 13 St. for his many services to Belle Glade and for his splendid record of achievements in the business of the city.

Hubert probably has as wide a circle of friends as any other man we could name because he is just naturally the kind of person who makes friends with almost everybody who always conducts himself in such a manner as to deserve the respect and good will of all who know him.

Belle Glade is fortunate in being able to number among its more progressive people citizens of this type.

He is always ready to lend his support to the promotion of any project which promises to benefit this district.

Hubert Hurst may be depended upon, and his services to the area are too many to number to be described. It may be sufficient to say we consider this a great asset to the city and a progressive business man to whom the city may be proud.

Richard Murray

Every progressive and successful business person in the Belle Glade area contributes in some manner to the growth and progress of this section. One person who has done his part in community and business activities is Mr. Richard Murray of Daddy Dick's at 244 W. Ave. A.

This business is stocked to offer customers a complete line of children's clothing and a hospitable attitude guarantees customers welcome to his business.

The prominent part this business renders to the home life militates for the progressiveness and ability of a person such as he. Furthermore, he has at all times been willing to give his devotion to the Belle Glade area in many occasions lent his support to the successful promotion of meritorious civic projects.

This area is fortunate to have such a business as this, which is in a position of responsibility and service and we feel he amply merits this brief tribute.

Believing that the factor of individual initiative has been the secret of personal and civic progress, Mr. Richard Poston of Richard Poston's Hardware at 244 W. Ave. A. has improved the service at Everglades Federal Savings & Loan, at 40 S. W. Ave. B, and has exerted the same effort toward doing his part for community progress. He and his business deserve prominent attention in this review, although the fine qualities of both are well known to the people of this area.

As in any business the most successful way is to maintain a succession of happy employees, much time and effort has been used in securing such a staff of satisfied personnel and a host of satisfied customers in the area proves that the effort has not been in vain.

With Mr. Poston in a position where he may play an important part in the business life of the area, the section is destined to continue to grow and prosper.

Earl Lindrose

Honesty and integrity in the insurance business are as important as the proper insurance customer satisfaction, for the layman must often seek the advice of the agency manager when seeking the proper insurance to suit his particular need.

In this area the people have learned that from Earl Lindrose of the Equitable Life Assurance Society at 573 S. E. 3rd, they receive honest answers and insurance to suit their needs, that is backed not only by Earl but by Equitable Life Assurance Society as well.

Frances Kirchman

In mentioning some of the women who are taking a progressive part in the evolution of the business and social life of the Belle Glade area, we would be censured if we failed to include Mrs. Frances Kirchman Florist at 308 S. E. Ave. F.

She is that solid type of citizen whose fairness and friendliness, and a sincere desire to serve the people in a manner that leaves nothing to be asked for, are accountable for a large measure of her success.

During the time she has operated her floral business, her personal interests have become closely interwoven with the business and civic affairs of the city, and she has become accepted as a woman who can always be called upon to further community activities.

Frances Kirchman has earned the friendship and good will of her fellow citizens. We wish to compliment her on the successful way she has operated her flower business, and wish her the business many years of success.

Thomas J. Chancy

Thomas J. Chancy Excavating Contractor at 308 S. W. Ave. E. Pl., has learned the true character and makeup of the excavating and Land Clearing work, and his knowledge, combined with his vast experience, has made his business render valuable service to the people of this section.

As Patrick Henry once said "I have but one lamp by which my feet are guided and this is the lamp of experience. I know no way of getting into the future than by the past"—so the people of Belle Glade vicinity have come to depend upon Thomas Chancy because they know the force which have fashioned and developed his business.

Mr. Chancy's excavating contractor is making a substantial contribution to this section's welfare and knowledge, and we are happy to include him in this review, for he has set the principles by which his business is guided and his business, with a determined look combined with unforgotten lessons, is certain to prosper.

Tom Swaller

A good, stable trade area with business leaders that are solid citizens is probably the principal factor in the growth of a city and with business such as Lake Gas Co., at 620 S. W. 18th, under the capable leadership of Tom Swaller is impregnable. Tom, representative of the businessman with faith in our city and his business deserve prominent attention in this review, although the fine qualities of both are well known to the people of this area.

Possessing the factors for the successful operation of a gas business, he has organized them so that his business is actively applied for he feels it is his responsibility to his customers.

Planning to serve the people of this area for years to come, Lake Gas Co., has stressed "pleasing the customer" and "honest dealings" and has proved profitable for the business for it is commercially sound.

Bill Guice

The men who operate this area's service stations are among the most important in the community. They are for they are often the unofficial greeting headquarters for newcomers and are the last persons to attend those departing. South Bay seems unusually fortunate in having men of high calibre in this important business and the manager of Equitable Life Insurance of South Bay Shell Service on U. S. 27 So. Bay.

You can rest assured that when you fill up with Shell gas, you are at this station there will be no missing on the road. That your car will run smooth because minor repairs and complete auto maintenance are specialties at this modern station.

Bill Guice although doing a good job as ambassadors of good will, is willing to do a little more and is a booster for the community. His help in community affairs is as cheerfully given as he is as a South Bay Shell Service.

Lawrence Connell

A service station that can be termed a progressive part in the evolution of the business and social life of the Belle Glade area, we would be censured if we failed to include Mr. Lawrence Connell and Frank Cochran.

They're men with a gift for getting along with people. These men more than do their part as public relations men for the city aside from aiding the growth of their own business. They are also community minded and despite their long hours, day after day, manage to find time to aid with many community activities.

Mr. Connell and Mr. Cochran have all the qualities a representative of a top quality product like Gulf must have. They know cars inside and out, are competent businessmen and manage their employees, their customers and their affairs in a manner that does credit to their city.

They deserve these words of praise for their versatility, their energy and their important role in the business life of Belle Glade.

Floyd C. Markham

J. W. Markham

Mr. Floyd C. Markham and Mr. J. W. Markham, have attained a well earned position in the business life of this section and we deem it a pleasure to point out that position in this review.

During the time that they have operated Markham's Apartments at 32 S. W. Ave. F, they have become known throughout this section and we believe have done more to aid our agricultural community than most any other men. They have set a standard for themselves and the management of their business that we believe is unequalled in this area and they have worked to develop the confidence customers have given them.

Markham's have a sound basic knowledge of every phase of the Real Estate business and have turned this knowledge to the advantage of the many people with whom they do business.

They have shown a willingness to assist in civic affairs; they felt were advantageous to this area. They deserve commendation for the part they and we wish for them and their businesses many years of continued prosperity.

Jeri Green

Jeri Green of Jerri's Bay of Beauty in South Bay has won the regard of the people of Belle Glade. She is a woman who is pleased to be your neighbor. She genuinely likes her work in the business world of Belle Glade and she is proud to be the people have played in her success. This Beauty Shop has become well known and ranks among the best in this area.

Mrs. Green's good taste, good judgment and good character have been primary in this successful business operation and she therefore has earned the honor and respect she receives in business circles. People of diverse tastes and the ultimate test of a beauty shop is the fact that Jeri's Bay of Beauty they will receive the best in beautiful work, fair and honest treatment, and many more. So we commend the owner's high standard of operation.

Combine a friendly woman, a friendly business and a friendly attitude and the ultimate success cannot even be measured in financial terms, but in how well it adds to the welfare of the community. We include Jeri Green in this review for her business, social and civic success. She has proved that it costs you your part for the town, the town will do its part for you.

Orrin W. Manning

Nothing is more important in letting a contract than the reputation of the man who bids for your money. Many of the fine structures you see throughout the country were not erected by the lowest bidder, but by the man who has the reputation of adhering to specifications.

To perform a task but a little better than is required will secure for anyone, particularly a contractor, a recognition that will carry him far.

The prospective builder will find there is a fund of information and advice that is most helpful when dealing with Mr. Orrin W. Manning, builder, at 512 S. W. 2nd St. This will be given in such a manner that it is at once clear to the layman.

His wide experience makes this advice most valuable and many clients consult him before making even a tentative plan for any building or alteration project.

There are many jobs that are milestone of his successful career. These jobs are hard to like this means much to the development of the Belle Glade area.

Charles A. LaFayette

Mr. Charles A. LaFayette, Pres. of Homes By LaFayette, 1445 S. W. Ave. E, has merited the attention not only because of his personal success in the building field but because of the direct benefit the terms of his success area has to like this means much to the development of the Belle Glade area.

The attractive and sturdy custom built structures built by Mr. LaFayette depict in unbalanced terms the success area has to offer as a place of residence, a business location, as a resort and as an educational center. The area grows to good citizens were quick to realize that it pays to patronize a reliable firm backed by an honest man for the all important job of building.

A man with confidence in the growth of the area's industry, population and wealth, Mr. LaFayette is equally confident and concerned with the advancement of its civic and social activities and more than does his part to aid these activities.

Theodore "Ted" Venos

Most cities, if they amount to much, are made man. They do so by happenstance, but the realization of its more progressive citizens, especially the builders, that the Belle Glade area grows to good people and is something other than just another place on the map. This brought results and made it possible for the area to have a standing of beautiful homes and buildings.

Mr. Theodore Venos of Venos Construction Company, Inc., 100 N. W. 16th St., Belle Glade is a man who is playing no small part in the growth and development of this area. He would be the last to mention the matter, but when the call goes forth for a really round something worthwhile for the community, he is the first to volunteer.

"Ted's" friends are outspoken in trying this tribute and they do so because of his thorough knowledge of his activities.

Successful as a building contractor, Ted Venos is equally successful in the promotion of civic progress.

Committee Seeks Two Boat Locks

A request by the Martin-Okeechobee-St. Lucie Recreation Committee calling for two boat locks and a change of alignment of the north-east shore levee was tabled by the FCD Board because the requests were "too premature."

Pelle Jan Williams of Callaway Gardens, Ga., is playing it safe with an assortment of life preservers for a day of boating. Mercury boating authorities remind everyone that Safe Boating Week is June 28 to July 4.

G. E. Dail, Jr., FCD Executive Director, noted that the plans for the diking of the north east shore of the Lake have not been received from the Corps of Engineers.

The committee requested hat boat locks be provided at Taylor Creek and the Chancy Bay Area to allow residents along the shore better access to the lake. They also requested that the proposed levee be located 450 feet from the highway right-of-way of U. S. 441.

Dail did say that present plans call for use of the hurricane gate at Taylor Creek as one end of proposed boat lock in that area, but it is too early to talk about the Chancy Bay Area. The Board agreed to the dike location recommendations and asked they be put on file for consideration after the Corps presents the plan for construction.

Spillway Signs To Warn Swimmers

Gates Open Without Warning. This is just one more step taken by the FCD in an attempt to warn the public of the dangers involved. Numerous other signs have been erected in the past and the FCD has just completed a safety program of putting floats across the canals to stop boats from coming too close to the gates.

The automatic gates open without warning and persons swimming or boating in the areas at that time can be drawn into the swirling waters and drowned.

continuing its fight to protect "swimmers from themselves" by new and additional warnings at all automatic structures to enlighten persons of the dangers of swimming in these areas. By unanimous vote the Board agreed to purchase 120 porcelain enamel signs that read "No Swimming Within 500 Feet —"

Evolution

Revolution

The world-famous army 'Jeep' vehicle started it all. Then came the evolutionary changes. Sensible changes. Like more ground clearance. Stranger suspension. Weather proof tops. Fun changes. Like pink and white striped upholstery. Fringed sunroofs. Lively colors. A sports roadster. A station wagon—rugged, durable, designed for work and play.

Turn the ignition key. You've got an overhead cam engine purring for you. The only one in any American production car. Try that steering. Power. The brakes. Power again. The transmission. It's automatic. Feel that ride. Pure luxury.

Then came the 'Jeep' Wagoneer. A revolution! The Wagoneer is so revolutionary, it's hard to recognize your old 'Jeep' friend. It's a station wagon. And a looker! You'll be stunned. Slide into that luxurious interior. Beautiful. Comfortable. Visibility unlimited!

It Was Nassau Or Bust!

Nassau, Bahamas — Members of the Belle Glade High School Senior Class, Belle Glade, Fla., and friends enjoyed a visit to the Bahamas capital aboard the cruise ship Bahama Star. Bottom row, l-r, Dick Willis, Mrs. Roynell Davis, Rebecca Mackey, Alice Hurl, Margaret Weathers, Betty Paine, Bert Davis. Top row, l-r, Johnny Dell, Skip Schoepel, Lou Betzer, Betsy Weathers, Ron Halbrook, Leah Poston, Betty Goodlett, Steve Halbrook. (Those not in picture also making trip were Coach and Mrs. Bill Burke, Robin Thomas and Gary Clark.)

straw market where hordes of negroes did their utmost to entice the passengers to buy straw hats, hand bags and animal figures. Bargaining was the favorite pastime of tourists at the straw market, one might spend two minutes getting a dollar reduction and twenty minutes getting a twenty-five cent discount. For the Ponce de Leons and De Sotos, there were even cars to rent; or one might take a buggy-ride tour of the island. Whatever means of transportation was used, one had to remember to ride on the wrong side of the road.

There were various shops and stores, including those selling cut-rate alcoholic beverages. In fact, one street was arranged thus: Clothes store, Liquor hardware store, liquor store, restaurant, liquor store etc. etc. Some jewelry, perfume, cameras and other articles could be bought below U. S. prices.

Some of the tours covered nearly the whole island, which is 21 miles x 7 miles. Tourists are carried in an elevator surrounded by 85,000 gallons of water to the top of a water tower from which the whole island may be seen. The Queen's Staircase was especially interesting. The 224 steps were hand carved in lime stone by freed slaves in appreciation to the queen who declared them free.

One of the four forts, on the island is Fort Charlotte. Though the English completed it in 1789 it never saw real action in an all out war. Its intricate tunnel system was done by hand. This fort had facilities to heat a cannon ball until it was red hot; such balls could set ships on fire and were called HOT SHOTS. A stretching rack was provided to encourage brave prisoners to give information. An 88 foot deep, hand-dug well had been stopped up, by trash tourists deposited. There were many exclusive hotels and night clubs for those who were interested.

Percentage wise, more people (both white and black) in Nassau can afford what we call a middle-class home than can in the U. S. because there are no sales, excise, income, or property taxes. Many were astounded to hear this, especially since we had seen beautiful government buildings. Government officials were given free homes; butlers, cars, cooks; inhabitants enjoy free hospitalization, medical services, and burial. The money for all these things (plus public schools and a college) is provided by a 2.00 tax each tourist pays who comes to the island. A worker in Nassau who earns \$100 per day, takes home \$100 per day. This might account for the surplus number

of banks that impressed all who toured the island. The trip coming home was, for the most part, enjoyable to all. (If anyone wonders why the phrase, for the most part, is used, they may ask Mrs. Weathers and Mrs. Roynell Davis!) Five or six seniors entered a talent contest and won first prize; it might be added that all participants were awarded first prize. Everyone was tired toward the end of the trip and looked forward to getting back to Belle Glade for a rest. Nevertheless, everyone agreed that the experience was well worth the time, effort, money, and lost sleep involved. All others who went would like to recognize and thank

Coach and Mrs. Burke, Mrs. Roynell Davis, and Mrs. Margaret Weathers for accompanying us on the trip. Other friends who went were Alice Hurl, Rebecca Mackey, and Gary Clark. The seniors were Johnny Dell, Betsy Weathers, Leah Poston, Lou Betzer, Betty Goodlett, Dick Willis, Bert Davis, Skipper Schoepel, Robin Thomas, and Ron Halbrook.

P. S. — Anyone planning to take this trip should take twice as much money as they think they need. Half will be needed for amusements, tours, novelties, etc.; the other half will be needed for tips!
